FAILED TO INFLUENCE BUSINESS ON 'CHANGE YESTERDAY.

Dullness and Strength Alternated Throughout the Day-Indianapolis

Markets Not Holding Up.

At New York money on call was easy at 1 per cent; prime mercantile paper, 3641/2

Sterling exchange was easier with actual business in bankers' bills at \$4.87\\04.87\ for demand and at \$4.86%,@4.86% for sixty days; posted rates, \$4.871/2014.88 and \$4.881/207 4.89; commercial bills, \$4.8516

Silver certificates, 63%c bid. Bar silver closed at 6314c per ounce; Mexican dollars, 514c. At London, bar silver closed at 29d. Total sales of stock were 159,963 shares, including: American Sugar, 43,400; Burlington, 8,200; Chicago Gas, 20,100; Distillery, 2,400; General Electric, 18,500; Manhattan, 2,600; Rock Island, 6,000; St. Paul, 21,200;

Western Union, 3,600. The announcement of the engagement of \$500,000 in gold for shipment to-day on the steamship Ems had no effect upon speculation on the New York Stock Exchange yesterday, chiefly, perhaps, because at the same time the sterling exchange market gave evidences of a declining tendency. At the opening the stock market was very dull, but the first prices made were generally a small fraction higher. During the first quarter of an hour a firm tone prevailed, but on small London selling, a slight reaction took place which was of brief duration, and for the hour following the tendency was upward on a small business and slight movement. A slight reaction took place before midday, but in the early afternoon good buying imparted tone to the speculation and under the leadership of the grangers prices again took an upward turn. The improvement was checked about 12:45 o'clock by a raid on Chicago Gas, which had been bought freely during the morning by a clique and which was now sold, it is said, by the same interests. Sugar also gave way about 1 per cent. but the railway list was well held, except Manhattan, This stock was sold down by a trader who found it unprotected, and before any support came, a break of 315 from the best prices of the morning had been made. Then came a rally of 2 per cent., which was maintained to the close. During the last two hours of business the speculation was decidedly strong and the market closed strong with prices at or near the highest of the day, except in a few instances which show declines from Thursday's prices. The more important advances are: General Electric, 11/2; Pittsburg & Western preferred, 11/4; St. Paul, 11/8; Alton & Terre Haute, 1 per cent. The bond market was active and firm throughout the day, sales aggregating \$1,-188,500, Atchison fours leading in the transactions. A majority of the issues traded in recorded advances, the more important gains being: Linseed Oil debenture sixes, 212 per cent., and Chesapeake & Ohio, R. & A. seconds, consols, 134. Hocking Valley fives declined 1 and rallied 136. Other

cent. and Louisville & New Albany firsts, 2. Government bonds were firm and State The following table, prepared by James 3: Berry, Room 16, Board of Trade, shows

Total clearings in the United States amounted to \$950.045,906, being an increase over the corresponding week last year of 3.1 per cent. Total outside of New York was \$452,827,251, an increase of 7.5 per cent.

## LOCAL GRAIN AND PRODUCE.

Trade Dull in Most Lines, with Few Changes in Values. In most departments trade is slow and it is attributed largely to the warm weather

for October. Wholesale grocers and confectioners are not complaining of their volume of trade, but the milliners, the boot and shoe merchants and dry-goods men say business with them is much better than for many months. On Commission row receipts of apples, pears and grapes are still large and prices weak. Peaches are practically off the market. In the vegetable line prices rule low, sweet potatoes and cabbage not in years selling as low as at the present time. There is a better demand for poultry and eggs and prices have taken on a steadier tone. Provisions are moving slow and prices are easy. The local grain market is sluggish, at-

tendance on 'Change small and bidding tame. Track bids ranged as follows yes-Wheat-No. 2 red, 48c; No. 3 red, 44c; wagon wheat, 48c. ### MILLIONS ARE POORER

DUN & CO.'S CONCLUSION ON THE RE-SULT OF TRADE DEPRESSION.

Decrease in Business Since 1892 Shows Little Sign of Abating-Bradstreet's Trade Estimate.

NEW YORK, Oct. 19 -- R. G. Dun & Co.'s weekly review of trade to-morrow will say: Cotton below 6 cents and wheat below 55 cents, each lower than ever since present classifications were know, export of gold, instead of products at such prices in October, are the salient features in business this week. Distribution of foods to consumers goes on fairly, with gains at nearly all points, in comparison with last year, but not yet at a rate to sustain the present volume of manufacturing production, so that prices weaken a little. The domestic trade reported by railroad earnings in October is 3.4 per cent. less than last year, and 13.4 per cent less than in 1892. The payments through the principal clearing houses for the third week of October are 2.3 per cent. greater than last year, but 31.5 per cent. less than in 1892. The daily average for the month is 5.6 per cent. larger than last year, but 28.2 smaller than in 1892. With many features of encouragement, business has not yet reached expectations, and it is evident that the loss of part of the corn crop and the unnaturally low prices of other great staples affects the buying power of millions. Wheat for October delivery fell to 54.12 cents on Wednesday, and in spite of some recovery the average for October thus far is 2 cents below the lowest monthly average ever made, which was in September, and was nearly 10 cents below the lowest prior to this year, the October average being 50 cents below that of October, 1891 or 1890. Western receipts are only 4,700,391 bushels for the week, against 6,064,333 last year, and Atlantic ports 631,084 bushels, against 893,343 last year, but the controlling fact is that no demand as yet promises to clear away the enormous surplus. Corn declined 1/201c during the week, with receipts not a quarter of last year and exports not a tenth. Pork products were small and weaker, with lard 1/4c lower. Cotton sold at 5.94c on Thursday, and with Ellison's estimate that the world will consume 8,248,000 bales American, the stock of 2,000,000 bales in sight and the estimate yield of over nine million bales deter buyers. Domestic exports from this city in two weeks of October were 18 per cent. less in value than last year, while the increase in value of imports has been 77 per cent. Much of the decrease in exports is in price, but in August and September the quantity of wheat decreased over a third. Provisions and cotton gained, but oil decreased, and, in minor products, exports in September, declined 16 per cent. The increase of exports exclusive of sugar, was over 25 per cent. in September, and in two weeks of October at New York, over 43 per cent. With this heavy increase in purchases, and a decrease in sales of products abroad, the market for foreign exchange is in a position to be quickly affected by withdrawals of capital or apprehensions regarding the future peace of Europe. To a half million dollars exported Tuesday it is expected that as much will be added today. It appears that three trust companies here now hold over \$10,000,000 idle money and that Eastern mill loans are being taken from New York by New England banks, while the Northwestern demand for money is unusually small. The treasury is again falling backward in reserve and large imports yield a little less revenue than last year, while internal revenue for the

past three weeks is \$4,600,000 smaller than a year ago. The iron and steel business makes a better showing this week, Bessemer pig havng stiffened to \$10.90 at Pittsburg, and at Chicago and New York further structural and bridge orders have been placed, but bar iron has fallen to 90 cents for common, and \$1 for steel at Pittsburg, which are prices below those current in Great Britain. There is a good demand for sheets and some good bridge contracts are reported. The Pennsylvania railroad reports its material account 50 per cent. less than that of last year up to date.

During the week the failures have been 253 in the United States, against 341 last year, and 43 in Canada, against 29 last

Bradstreet's Weekly Review. NEW YORK, Oct. 19.-Bradstreet's tomorrow will say: With few exceptions the leading features of the business situation this week have been those of continued moderate improvement, although the total volume of business so far as indicated by bank clearings throughout the country will require considerable expansion to compare favorable with corresponding totals two years ago. This relatively favorable bank clearing report is offset in part by a decline in prices of staples, coffee alone scoring a slight advance. At Louisville tobacco is easier under promise of a large crop, and hogs are lower in price at some of the more important markets, while leather is quoted lower at Western cities. Competition of Northern lumber manufacturers has forced down prices at Chicago, and all except best grades of live cattle at Omaha and Kansas City have sold for less than a week ago, while wheat and Indian corn have also shown declines. The production of iron and Bessemer steel continues as heavy as heretofore, and quotations have been further shaded. Lard is lower in price and the prospect for cessation of textile labor difficulties at the East has weakened the print cloth market. As serious as any other decrease is that in cotton, the feature of trade South this week being a check to purchases by interior merchants for spring delivery and slow mercantile collections, due to lower prices for cotton. Exports of wheat (flour included as

wheat), both coasts of the United States and Canada, this week, amount to 3,192,000 bushels, against 3,317,000 bushels last week, 2,-709,000 in the third week of October a year ago, 3,200,000 bushels two years ago, and 3.500,000 in the week three years ago. The strength of foreign exchange and gold engagements for the week, aggregating \$1,000,-000, have disturbed the speculative stock market and checked activity. Current decreases in railroad earnings are ascribed to the effect of the heavy world's fair passenger traffic a year ago. A small reduction in the Baltimore & Ohio dividend is not considered indicative of trunk-line traffic conditions at this time. Bonds are strong, and any demand for prime securities causes an advance. The foreign exchange market is narrow, both as to supply and demand. Nearly all the more important business centers West and Northwest report moderate activity, but few of them announce any new features. Chicago advices are received of increased mail orders, but fewer purchases in person, with relatively heaver demand for underwear, clothing and cloaks, and a smaller volume of money going to the country. St. Louis merchants report increased confidence of jobbers dealing there and expectations of largely increased stocks of spring goods throughout the territory tributary. Kansas City and Des Moines both report that warmer and unseasonable weather has served to restrict the volume of business within a few days, but at and near Omaha the weather has favored general trade. Conditions prevailing at Cleveland, Cincinnati, Louisville. De troit, Milwaukee and St. Paul in preceding

an unfavorable influence. At Charleston, Chattanooga and Birmingham business has Undesirable Cheapness.

weeks are practically without change. A

ume of business is fairly satisfactory, and

the demand for grain vessels is more ac

tive, with an advance in rates to the United

Kingdom. At four Southern cities general

trade is reported to have shown some im-

provement-Memphis, Jacksonville, New

Orleans and Galveston-but at Savannah.

Augusta, Atlanta and Nashville increased

cotton receipts and lower prices have had

San Francisco and Portland, Ore., the vol

Pittsburg Dispatch. Cheapness that comes from the steady improvement of productive or distributing agencies is a great thing. But the cheapness that makes its appearance on accoun of the universal inability or people to buy the staple products is hardly the sort of campaign argument to secure victories for hens, oc per ib; young turkeys, 74c; small, 14c less. California hams, sugar-cured, 10 the party claiming credit therefor.

## GRAIN RULED STRONG

FOREIGNERS BOUGHT HEAVILY, TAKING 116 BOAT LOADS.

Wheat Was in Demand Most of the Day, but the Chicago Price Closed Only 1-4e Higher.

CHICAGO, Oct. 19 .- The foreigners woke up the wheat market to-day. They took for export 116 boatloads from Atlantic ports, and five cargoes, representing perhaps 500,-000 bushels more, at San Francisco. The market ruled strong, but advanced only 4c as compared with closing prices yesterday. Corn and oats each finished %c higher and provisions weak and lower. There was a shade of greater confidence

in December wheat at 521/2c at the opening, but it soon began to flutter and had gone out entirely in the course of an hour's trading. Before the extinguisher was put over the struggling fever the price had touched 52%@52%c, but inside of the hour it had twice sold at 52%@521/2c. The fluctuations in May during the same time were between 571/2057%c and 57%c, the lower price ruling last, and the tendency was still downward at the beginning of the second hour of the session. The weakness which succeeded the earlier strength was in spite of some bullish dispatches with which the seaboard plied this market. New York people said their cablegrams were all bullish, and some cable acceptances of wheat offered to the United Kingdom yesterday were received there. They also reiterated yesterday's reported damage to the Argentine crop. Winter markets reported the probability of still smaller receipts, and there were large transactions here in cash wheat for shipment. The price had declined before 12 o'clock to 57c for May and 5216@5214c for December. Buying for export turned the market sharp around during the last hour. Large export sales were made at Atlantic ports and San Francisco, and the price advanced quickly at the close, December finishing at 52%c and May at 57%c.
The corn market was firmer and scored a moderate advance. There was more inquiry reported from the East for cargo lots, and 50,000 bushels said to have been placed, Receipts were 148 cars, instead of 165 estimated, and only 140 are looked for to-mor-May opened at 491/2c and 49%c, and stuck between those prices until near the close, when the advance in wheat caused it to jump to and close at 49%c. In oats a fairly active session was passed. The disposition to buy was very good. Sellers, however, were not inclined to get rid of much of their holdings, and the conseclose at 32%@32%c, finishing at 32%c. The provision market was dull and weak

quences were a quiet market and higher values. May started at 321/3c, sold up to 323/4c, back to 325/8c, and shortly before the The provision market was dull and weak and without especial feature. Hog receipts were 22,000 to-day, and to-morrow's run is estimated at 15,000. The opening prices were at 5c decline in pork and .02½c in ribs, with lard bringing for a moment yesterday's closing price. The prices declined another 15c for pork and .10c for ribs, and lard lost .07½c, with closing prices about at the lowest of the day's range. Freights slow. Rate on grain to Buf-

Elsewhere.

CHICAGO, Oct. 19.-There was no good reason why the general cattle market should not have been firmer and it was firmer. The rapid decrease since Wednesday in the arrivals stimulated the demand and gave holders confidence. While the change was not very pronounced, it was encouraging, and there was a better feeling all around, more especially as regards the choicer grades. There were about 2,300 native cattle, all of which were wanted at \$1@3.25 for poor to extra cows, at \$2@3.50 for stockers and feeders, and at \$1.75@6.15 for dressed beef and shipping steers. The 2,000 Western rangers received were readily salable at \$1.75@4.50, and from \$1.25@3.50 were the quotations for Texas cattle, of which only about 700 arrived. The arrivals for the first five days of this week have been about 71,300, as against 71,852 for the same time last week, and 84,084 a year ago.

The hog market was lower. Very soon after the opening a decline of 5@10c was established, and later in the day it was not an easy task to place the stuff at that reduction. The depressed tone of the market was a consequence of continued large receipts and the steady recession of prices for the product. The extreme top of the market to-day was \$5.25. There was a solitary sale at that figure. Possibly there, were a dozen trades at over \$5, but prices below \$4.95 bought by far the greater part of the 21,000 head offered. Packers paid \$4.75@4.85 for the bulk of their purchases, and \$4.80@4.90 were popular prices with I changed. Wheat was nervous and unsettled, I shippers. Lots of common mixed and light | break the solid South

hogs changed hands below \$4.75, and culls and pigs were not easily moved at \$264.25. The close was 10c lower than yesterday. There was no quotable change to-day in the value of sheep and lambs. The market was lifeless and prices quite uneven, but the average was about like yesterday. The fresh receipts were estimated at 11,000, making about 92,000 for the week so far, as against 91,995 for last week. The arrivals for the first nineteen days of this month amount to 265,000 head. Within the last five days there has been a shrinkage in values of 25@35c per 100 pounds, and the movement has been exceedingly slow at the low prices. Choice sheep may now be bought around \$2.75, and a very good article at \$2.25@2.50, while poor and common sorts are almost unquotable. The present range of quotations is 75 % 3 for poor to choice sheep, and \$1.25@4.10 for lambs. The bulk of the week's business was at \$1.75@ 2.65 for sheep, and at \$3@3.75 for lambs. Receipts-Cattle, 5,000; calves, 400; hogs, 24,000; sheep, 11,000.

NEW YORK, Oct. 19.-Beeves-Receipts, 3,444; 41 cars on sale. The market was steady. Native steers, fair to good, \$4.500 5.15; ordinary to medium, \$4@4.45; common and inferior. \$3.40@3.90; Texans, \$3.20@4; oxen, \$1.75@4.25; bulls and dry cows, \$1.30@2.75. European cables quote American steers at 9@11c, dressed weight; refrigerator beef, 8/914c. No exports to-day. To-mor-row, 1.361 beeves, 1,000 sheep and 4,280 quarters of beef. Calves-Receipts, 248. The market was firm. Veals, poor to prime, \$5@8; grassers, Sheep and Lambs-Receipts, 12,855 head; 55 cars on sale. The market was weak and

14614c lower, Over 400 unsold. Sheep, inferior to fair, \$3.25@4.25c; choice Canadas, Hogs-Receipts, 6,379. The market was lower. Top hogs, \$5.40. James A. and Pauline Ritchie, Montana street, girl.

Marriage Licenses. Fred Hawley and Dora Clifton. Those "Markets of the World."

Philadelphia Telegraph. Here is an item which every Democratic campaign spellbinder should paste in his hat, or rather on the outside of it, where everybody can see it. It should also be thrown upon the stereopticon sheet in front of every Democratic headquarters in the country. The exports of the United States for the month of September, 1893, amounted to \$72,000,000. The figures for September, 1894, were \$59,000,000, a difference of \$13,000,-This is the way the American manufacturer is getting his grip on those wonderful "markets of the world" our tariffreform friends never weary talking about; and this is the way the thing will work all

the time. Carlisle's Contribution. New York Commercial Advertiser. For the first time in thirty-two years the expenses of carrying on the government exceed the revenue, and by the enormous sum of \$69,803,260.58. This is Mr. Carlisle's contribution to the Democratic campaign, for the statement is official.

Granulated Wit. Boston News. Mrs. Huzwif--Do you have your cooking done with white or brown sugar now, Mrs.

Mrs. Richnow-Why, with white sugar, of course; it's so refined, you know. But the Guns Are Spiked. Memphis Commercial Appeal. Ninteen days remain before the November election—and there is pletty of ammunition left in the Democratic battery.

Breaking the Solid South. Train robberies of the proportions of that \$182,000 affair in Virginia certainly tend to THE JOURNAL WEWSPAPER CO break the solid South.

# THE INDIANAPOLIS

# Daily, Sunday Meekly

The Journal is first of all a newspaper. Its primary object is to publish the news, and to procure this it spares no pains or expense. Besides the service of the Associated Press, which covers foreign countries as well as the entire United States, it has a corps of special correspondents, who give attention to those events and obcurrences that are likely to be of particular interest to the Indiana public.

Was established for the purpose of looking after matters in which the State and its people are concerned, and is under the management of a gentleman well acquainted with the local business and political issues.

It has a correspondent in every town of importance in the State, and is constantly increasing its facilities for obtaining information from every quarter.

Its staff of city reporters is large, and its local departments are unexcelled. As a newspaper it is far better equipped than any other in the State, and welcomes comparison with its contemporaries in any and all of its departments. With all, it endeavors to be accurate and trustworthy, printing the news, whatever it may be, without personal or partisan bias.

## THE SUNDAY

Is a paper that gives more attention to miscellaneous literature than the other editions, and contains in its sixteen, and often twenty, pages a variety of choice reading matter that satisfies the most exacting taste.

# The Indiana State Journal

(Weekly Edition) is a large 56-column paper, carefully edited, with a special view to the wants of Indiana readers, both in its general and political news. Its subscription price, \$1.00, with reduction to clubs, places it within the reach of all, and no campaign contribution can be so effective as when spent in furnishing this paper to readers who need Republican doc-
